

Pending any move-ups, this is your final confirmation with the running order and timeline for the Canine Capers trial September 4-6, 2026.

Now for the important stuff...

Unloading

We will be unloading at 1pm on Thursday, September 3rd. We will be paying \$10 in Canine Capers vouchers for those that help us unload. For those that help us unload you may set up beginning at 12:30 pm. All others may set up at 3:30 pm, no exceptions.

RV PARKING

Wills Park is still undergoing renovations. 😞 As of Tuesday, August 25th, they are waiting for Georgia Power to run electricity to the new boxes and for the water to be run to the new spigots. You can park your RV by the lower barns, but you will need a step-down extension cord as they are all 110 volt (household outlets), and make sure you have a long water hose. If you are going to use your generator, the city is asking you to park in the back also.

VOLUNTEER SIGN-UP

Trials are successful because of our volunteers. Volunteers will receive \$2 in Canine Capers bucks for each class worked (double for the first and last classes of the day), and will get tickets to enter the Worker Raffle featuring all types of wonderful prizes. You can sign-up to volunteer here: [Volunteer Sign-up](#)

IN MEMORIAM

As you know, Sheila Wideman of Sacred Dancer Canine Massage passed away suddenly last month. Sheila was a beloved member of the agility community, traveling to competitions throughout the southeast to provide care for our canine athletes. Every dog loved Sheila, and she loved them back. She had a way of connecting with both people and dogs in a way that offered comfort and joy.

There will be a donation box to help Sheila's family with expenses. Every contribution, regardless of size, will help. At approximately noon on Saturday, we will gather as a community with Sheila's wife and family, to honour her memory with a butterfly release to provide a meaningful way to symbolize the hope and love that Sheila brought to our community and that we had for her.

TIMELINE & RUNNING ORDER

The final running order and timeline are attached. Classes can, and do, run faster (or slower) than on the timeline. If you are running two or more dogs, I've tried to give you as much space between runs as I can. Any other changes will have to be worked out with the gate. The running order for FAST is set and can not be changed. Plan on being at Wills Park at least 90 minutes before the scheduled start of your first class if you are not in the first class of the day. Judging begins at 8am all three days.

AKC MEASURING

The Canine Capers Agility Trial will not have a Volunteer Measuring Official (VMO) at the trial. It is the competitor's responsibility to have their dog measured before their first run of the day by one of our judges. If you need a measurement, that measurement is only good for our trial. Please be respectful of their time and availability.

AGILITY GATE Agility Gate code: 5555

We WILL be using Agility Gate, and there have been some recent updates that you may not be aware of. Make sure you are running the latest version (1.1.5); if your phone hasn't updated to this version, please download the app again.
